Covering Letter

****I am looking for remote graphics work on a freelance basis***

Having worked in publishing and for design & advertising agencies I have produced creative material for a variety of big brands, advertising sales and marketing for The 'Pertemps Group' and 'The Co-op' to name but a few. I have also worked in house at AGCO which is the largest agricultural equipment manufacturer, led by four core global brands (Massey Ferguson, Valtra, Fendt and Challenger). These are sold in more than 140 countries through one of the largest distribution networks in the industry.

.....

In addition to producing creative designs I aim to provide copywriting solutions to compliment the visuals .
With this combination of design and after thorough research, the creation of effective copy, memorable promotions convey a clear message within the design.
